

MIT Physics Acronyms

America runs on Dunkins, MIT runs on acronyms. You'll memorize them all soon.

AMO – Atomic, Molecular and Optical

APO – Academic Programs Office, 4-315

ASTRO – Astrophysics

BIO – Biophysics

CMT – Condensed Matter, Theory

CMX – Condensed Matter, Experiment

CTP – Center for Theoretical Physics

IAFI - Institute for Artificial Intelligence and Fundamental Interactions

LNS – Lab for Nuclear Science

NUPAT – Nuclear and Particle, Theory

NUPAX – Nuclear and Particle, Experiment

QIS – Quantum Information Science

RLE – Research Lab for Electronics
